

# Career pathways - a seminar with graduates for graduands

Hosted by the Tay lab @TayLab\_CNS   
Register here: <https://tinyurl.com/wjcqyhzi>

Speakers will briefly introduce themselves and answer your questions.  
Talks will be held in English. Questions may be asked in German.

## 03.03.21 Registration Deadline: 02.03.21, 8 pm (CET)

17:30 S. Zheng, **Senior Specialist** for clinical affairs

“I’m a senior specialist for clinical affairs in a global company working with international colleagues to deliver medical devices to customers worldwide.”

18:00 Stefan F., **Department Head**

“Abteilungsleiter bei [...] einem Dienstleister für die biomedizinische Forschung. Schwerpunkt ist Entwicklung von Antikörpern.“

- Department Head in a service provider for biomedical research with a focus on antibody development.

18:30 Lin G., **Computational Biologist**

“I am a computational biologist working in a pharmaceutical company. We use sequencing data to identify potential drug targets.”

19:00 Marieke Ü., **Science Manager**

“I am a science manager in a small non-profit organization that empowers researchers to build careers in Germany.”

19:30 Julia M., **Senior Manager & Team Lead**, Project Management Office

“I work for the leading provider of specialized services for the pharmaceutical, biotech and medical device industries. I support the project management of our global top ten Big Pharma Projects.”

20:00 Jackie W., **R&D Program Manager**

“I am a R&D Program Manager working in RNA therapeutics at a top 10 global pharma company.”

## 09.03.21 Registration Deadline: 08.03.21, 8 pm (CET)

18:00 Kathrin F., **Product Manager**

“Ich bin Produktmanagerin in der Onkologie eines internationalen, mittelständischen Pharmaunternehmens und zuständig für die DACH-Region.“

- I’m a product manager for oncology responsible for the DACH-Region (DE-AT-CH-Region) in an international, medium-sized pharmaceutical company

18:30 Markus K., **Team Manager**

“Ich leite ein wissenschaftliches Vertriebs- und Beratungsteam bei einem bekannten amerikanischen Laborgerätehersteller. Wir betreuen zu einem großen Teil Wissenschaftler in der Akademie, aber auch mehr und mehr Entwickler und Hersteller von biopharmazeutischen Medikamenten wie Impfstoffen oder Gen- und Zelltherapeutika.“

- I manage a scientific sales and consulting team at a well-known U.S. laboratory equipment manufacturer. We serve scientists in academia to a large extent, but also more and more developers and manufacturers of biopharmaceutical drugs such as vaccines or gene and cell therapeutics.

19:00 Anja B., **Medical writer**

“I’m a medical writer at a smaller company working with international clients.“

19:30 Tanja F., **Project Manager**

„Ich bin Beraterin in einem internationalen, auf Life Science spezialisiertes Beratungsunternehmen, mit Fokus auf globale Pharma- und MedTech-Unternehmen.“

- I’m a consultant within an international, on Life-Science specialized consultant company, with a focus on global pharma- and MedTech-companies.

20:00 Tobias G., **Medical Science Specialist**

“I am currently working as a medical science specialist in an international pharmaceutical company.”
